## FUNCTIONAL HYDRATION

Functional beverages now represent over \$200 billion in global sales annually (Source: Mordor Intelligence)

All four of the new Agua Plus<sup>®</sup> carbonated functional beverage products are formulated with the inclusion of organic ingredients and taste just right thanks to the use of a blend of all-natural juice flavors. Each of the products contain only 10 calories per serving and are bottled in beautiful eye-catching white 100% recyclable aluminum cans. The light carbonation provides for a refreshing, crisp taste that brings each of the four unique beverages to life. Experience high-quality ingredients that have been strategically combined to deliver important daily nutrients. Agua Plus<sup>®</sup> functional beverages are the best way to fuel your day.

Each product label features Plus Brand's effective, sustainable and fun industry-leading solution for the elimination of bottle confusion: All-Scratch!<sup>®</sup> technology. The unique color profiles carried throughout the label, scratch ink and caps represent the unique name and purpose behind each product, creating a visually distinct look for each beverage.
